

Madonna University Athletics  
36600 Schoolcraft Road  
Livonia, MI 48150

---

Dear Visiting Athletic Trainers and Teams,

Welcome to Madonna University! We hope your visit is safe and enjoyable. The purpose of this letter is to make you aware of the athletic training facilities and services available to visiting teams.

The athletic training room is located inside the Activities Center on our main campus. A certified athletic trainer will be on site for all competitions. The athletic training clinic will be open one and half hours before the first event, remain open during competition and close a half hour after the conclusion of the last match.

The following services will be available teams:

- Cooler of water
- Cups
- Ice Bags
- Taping Tables (available in Activities Center only)
- Modalities (available in Activities Center only):
  - Small hydrocollator unit
  - Ultrasound
  - Estim

\*if traveling without a certified athletic trainer, please provide written instructions, including treatment parameters, from either the ATC or a physician for all US and e-stim treatments.

If a player is injured during an event, the athletic trainer will assist your medical staff or coaches to render first aid. The MU athletic trainer will give professional opinion, help arrange transportation, provide maps, phone numbers and make referrals, if needed.

Please note that we have no athletic training facilities available at our outdoor venues. If your team requires treatments prior to competition, please contact us in advance to make arrangements. We are more than happy to assist your teams with taping and treatments but ask that teams bring their own taping and medical supplies. Please don't hesitate to contact us with any questions you may have regarding our services for visiting teams.

Sincerely,

Beth Hubbard, MS, ATC  
Certified Athletic Trainer
